RAPUTA

RAPUTA - works for its customer, providing a full range of services for creating the brand style of the enterprise supplemented with stylized and safe work clothes.

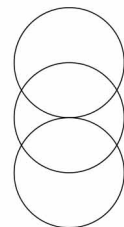

Our mission is to take bold steps to change the general attitude towards work clothes to create work clothes as part of the customer's brand image, preserving its protective functions for the employee's health.

When creating our products, the latest developments, materials, technologies are used, and of course we always take into account the requirements and wishes of our partners.

We have more than 700 samples of ready-made solutions for work protective clothing with different degrees of protection of workers' health. The company's capacity (more than 1,000 units of suits per month) allows us to fulfill orders in the shortest possible time.

Gentili Signori

I nostri servizi per la creazione di indumenti da lavoro e per la protezione dipendenti comprendono le seguenti fasi:

- 1. Una visita alla vostra azienda da parte del nostro stilista-designer per raccogliere dati sulle specificità della vostra attività, sulle vostre priorità in fatto di abbigliamento e sui gradi e tipi di protezione richiesti. Offriamo anche la possibilità di elaborare il vostro logo aziendale e di creare un "brand book" stilizzato per la vostra azienda.*
- 2. Creazione di bozzetti di tute da lavoro sulla base di modelli preconcordati, tenendo conto dei colori aziendali. Utilizziamo materiali certificati progettati per la produzione di abbigliamento da lavoro.*
- 3. Realizzazione di modelli di abbigliamento da lavoro che soddisfino le norme di sicurezza sul lavoro, le condizioni climatiche e le mansioni professionali dei vostri dipendenti.*
- 4. Catalogazione della documentazione di progettazione in conformità ai requisiti della normativa sulla tutela della sicurezza sul lavoro.*
- 5. Cucitura di un lotto di capi per i vostri dipendenti. Se necessario, forniamo anche servizi di sartoria su misura presso la vostra sede, soprattutto se hanno taglie o caratteristiche corporee non standard.*
- 6. L'assistenza successiva per la vostra azienda comprende piccole riparazioni degli indumenti, la cucitura di nuovi capi in caso di cambiamento dei dipendenti e la sostituzione degli indumenti in base al ciclo di vita e agli standard igienici. Offriamo anche la creazione di un catalogo di abbigliamento, anche in formato elettronico per facilitare l'accesso ai nostri prodotti. Possiamo mostrare anche un catalogo in formato elettronico per la visione dei nostri prodotti*
